Decorating Lunchpail:

1. Cut 12x12" sheet of Charmed (Solid Blue) into 2- 4 7/8" x 12" strips. Coat back of one strip with adhesive (I recommend either spray adhesive or Xyron's Cheetah runner) and gently center it on the front of the pail and then wrapping the ends around the side. Smooth and repeat with the 2nd strip along the back of the pail. Both strips should overlap approximately at the center of the sides of the pail.
2. Cut 4-1/2x12" strips of Sweetie (pink). Adhere 2 of the strips to the top rim of the pail in the same manner that the other strips were adhered to the middle. Do the same for the bottom rim of the pail with the remaining two strips.
3. Using template for the top provided, cut out piece of Fancy, including rounding the corners and removing the "holes" where shown. Use a sharp pair of scissors or a craft knife to cut a straight line from one hole to the other. Apply adhesive to the back and slip over the lunch pail handle and smooth out. You shouldn't be able to tell a cut was there once the sheet is adhered.
4. To make the flowers that decorate the pail, cut out seven (7) flowers from Fancy and ink edges. Then cut seven (7) "stems" from Eternity (either using scalloped or straight scissors). Finally, cut "leaf" shapes from Cherish as desired to embellish the stems.
5. Assemble "flowers" onto the pail as shown. (There are four on the front and then one each on the sides and back). Use pop dots as desired to give the flowers some dimension.
6. Trace or print the letters that spell the word "Cards" onto sheet of Double Dark (Dark Brown). Ink edges with Brown ink as desired. Place on the front of the pail to title it.
7. Take tag from included chipboard and cover with any paper so that the reverse side is showing (the white). Add words "For You" with pen and attach to a flower.
8. Finish the pail by tying various coordinating fibers to the handle as desired.

Decorating Tabbed Inserts:

1. Cover the front of the tabbed inserts completely with the following colors: Sweetie, Romance, Milk Chocolate, Crush, Be Mine and Admire. Trim and ink as desired.
2. To make the flowers that decorate the pail, cut out flowers from Fancy and ink edges. Then cut "stems" from Eternity (either using scalloped or straight scissors) as the base. Finally, cut "leaf" shapes from Cherish as desired to embellish the stems.
3. Assemble "flowers" onto the Inserts as desired. (Usually there are between 1 and 3 per insert). Use pop dots as desired to give the flowers some dimension.
