layout instructions

- 1 Trim the barcode tab from a sheet of Pebbles Happy Day Woodfire Pizza. The wood grain side will be the base of your layout.
- 2 Using an electronic die cutter and the free cutting file, cut out the word "family" three times from the center of the wood grain paper. Using a glue pen, layer and glue the three die cuts together to form a faux cardstock title. Set it aside.
- 3 Trim a piece of pale green cardstock to 10.5"x10.5". Adhere it to the center of the woodgrain piece.
- 4 Trim a 10.25"x6.75" piece of Pebbles Happy Day Game Night (orange side). Adhere to the bottom of the green cardstock, leaving a 1/8" mat around the bottom, left and right sides.
- 5 Trim a 10.25"x3.5" piece of Pebbles Happy Day Thinking of You (sudoku side). Adhere it directly above the orange piece.
- 6 Trim out the word "FAMILY" from the pink Pebbles Happy Day Tag Frames.
- 7 Trim three .5"x2" strips from sections of Pebbles Happy Day Thinking of You (journal squares). Fold each strip in half.
- 8 Adhere all three folded strips to the backside, top, left edge of the sudoku piece. Staple the "FAMILY" die cut over the front of the folded strips.
- 9 Trim a 8"x4.5" piece of Pebbles Happy Day Sunday Paper (newsprint side). Adhere it to the page, 3.25" down from the top edge of the page and 2" in from the left edge of the page.
- 10 Trim the barcode tab from Pebbles Happy Day Hello There (floral side). Trim the strip to 8" and adhere it directly above the newsprint piece.
- 11 Adhere one 2"x2.25" photo to the newsprint piece, 3.75" down from the top edge of the page and 3" in from the left edge of the page.
- 12 Adhere the second 2"x2.25" photo to the newsprint piece, 3.75" down from the top edge of the page and 1.75" in from the right edge of the page.
- 13 Locate the "Love You" tag from the Pebbles Happy Day Tag Frames. Print or handwrite your journaling on a 2.25"x2.25" piece of light blue cardstock. Turn the tag upside down and adhere the journaling piece from the back side of the tag.
- 14 Trim a 12" piece of white twine. Fold it in half and thread it through the back of the tag hole and tie it off.
- 15 With the "Love You" words at the top, adhere the assembled tag to the right side of the page, 5.5" down from the top edge of the page and 3" in from the right side of the page.
- 16 Using a Tim Holtz Tiny Attacher or stapler, curve the twine tails to the right and staple them in place.
- 17 Locate the floral polaroid die cut from the Pebbles Happy Day Tag Frames. Adhere a 3.25" square photo to the back of the frame.

- 18 Adhere the "family" faux chipboard die cut that was assembled in step 2 to the bottom of the floral polaroid.
- 19 Using foam adhesive, adhere the assembled polaroid to the center of the page, 2.75" down from the top edge and centered between the two small photos. The polaroid should cover the "Love You" words on the journaling tag.
- 20 Trim a 15" piece of white twine. Lay it across the bottom edge of the newsprint piece to form three swags. Use blue enamel dots to secure each swag.
- 21 Using Technique Tuesday Flair Maker dies, die cut eight small pennants from sections of Pebbles Happy Day Thinking of You (journal squares).
- 22 Using a 1" circle punch, punch out two circles from the Thinking of You paper.
- 23 Fold over the top edge of the pennants and circles. Using wet adhesive, glue them onto the swags as shown in the photo. Trim off the twine that goes over the journaling tag. Secure each pennant and circle with a glue dot.
- 24 Trim out several flowers and leaves from Pebbles Happy Day Garden Walk (floral side)
- 25 Referring to the photo, cluster and adhere the flowers and leaves to the top, left corner of the newsprint piece, using foam adhesive on a few of the flowers.
- 26 Using Prima Color Bloom "Guilded" spray mist, mist several wood veneer hearts. Set them aside to dry.
- 27 Adhere the hearts to various areas of the page as shown.
